**LOOPER[®]
TUBE**

Series 46000

- 42" Delineator Post, NCHRP350 Compliant
- Manufactured from durable low density polyethylene with UV stabilizers added to minimize fading
- Available with 12 lb. or 18 lb. recycled rubber base
- The Looper handle allows easy movement of single or multiple tubes
- Looper handle can accomodate caution tape, flag line or rope
- Three recessed areas on Looper stem can accomodate various sheeting patterns
- Protective ribs keep reflective sheeting looking crisp and new
- Ideal for construction work zones, airports, parking lots and job sites of all kind
- High visibility fluorescent orange in color, also available in yellow, black and white

Recycled Rubber Bases

Looper Bases are made from 100% recycled rubber in 12 & 18 lb. weights. Each base has a convenient carrying handle and built in stacking ring to help keep bases together during transport to and from the job site.

PRODUCT BULLETIN

LOOPER[®] TUBE
